

CONDITIONS

- Semen can be ordered by email to order@rummikub-de-muze.com or from the website: www.rummikub-de-muze.com
- Semen can be ordered from Monday through Friday until 9 am.
- The semen can be collected by appointment or we can send it by courier, the shipping costs are payable by the customer.
- When ordering semen, the billing details of the owner/person responsible for the mare must be provided along with a copy of the mare's pedigree.
- A maximum of 2 insemination straws can be obtained per heat cycle.
- A straw of fresh or frozen semen for a subsequent heat cycle may only be obtained once the deposit or advance stud fee has been paid. In the case of frozen semen, a non-gestation statement by the vet must be attached with a new order.
- Frozen semen is delivered in an appropriate container, which must be returned within 7 calendar days. From the 8th day rent will be charged at a rate of €25/day.
- When ordering frozen semen for international shipment, the stud fee must be paid in full prior to delivery.
- Unused straws shall, at all times, remain the property of Sporthorses Ulrich UG and must be returned to us at the end of the season as well as the empty straws. They have to be delivered to the stable Ecuries d'Ecaussinnes, Rue Blavier 3, 7190 - Ecaussinnes, Belgium.
- International shipments: Costs of health certificates are payable by the customer.
- If the semen ordered is used for embryo transplantation or ICSI this must be notified to us at the time of the first order.
- Sporthorses Ulrich UG cannot be held liable for any problems arising in connection with the shipment of the semen by a transport company. In the event of issues, the customer must notify us on the anticipated delivery date.
- By ordering semen, the mare owner acknowledges having read these conditions and declares agreement in full with these covering and payment conditions and with the stud fees
- The payment of invoices from Sporthorses Ulrich UG, must be settled immediately on receipt of the invoice. Any late payment shall incur an increase to the amount invoiced with reminder costs, penalty interest and any collection costs, both judicial and extrajudicial.
- If a mare is not in foal after one season the deposit payment shall remain valid for the following season.
- The stud fee is exclusive of shipping costs and VAT.
- The stud fee is payable per mare in foal. If several embryos are flushed out during an insemination or if several foals are born alive, the stud fee shall also be charged subsequently.
- The stud fee is calculated as:
 - 400 euro deposit, which must be paid at first insemination.
 - 400 euro gestation fee, owed on 1 October of the covering year if the mare is in foal.
(The gestation fee is 800 euro reduced by the 400 euro deposit.)
- The stud fee is payable per mare in foal. If an insemination results in multiple embryos being flushed or multiple liveborn foals, the stud fee shall still be charged ex post.
- In case of embryo transplantation / ICSI the gestation fee shall be charged per successfully transplanted embryo. This includes frozen embryos and if several embryos are flushed from a single insemination. The mare's owner must provide an overview of the number of flushes and the number of implanted embryos per

mare on 1 October. This overview may also be used as a non gestation statement if no successful transplantation occurred.

- *Any attempted fraud shall be punishable by an unconditional fine of 2500 euro excluding VAT per incident, regardless of the stud fee payable.*
- *In case your mare loses the foal, you can recover the next breeding season with the same price conditions from the year you started breeding. This is valid for a maximum of 2 years. If after 2 years your mare is still not in foal and you wish to continue, you will get the price conditions from the year your mare is in foal.*
